

Inclusive
Healthcare

Help now and for the future

Inclusive Healthcare is a unique combination of three services offered in one package to address the healthcare needs that often cause the greatest concern to individuals at a time when they are least able to deal with them.

For a competitive monthly fee, you will have access to the following services:

- ✓ 24 hour GP Helpline
- ✓ Medical Treatment Sourcing Service
- ✓ Care Advisory Service

Help, care & assistance in detail...

GP Helpline |

around the clock support

Contacting your GP for medical advice, reassurance or guidance, especially outside surgery hours or during the working day can often prove inconvenient. Even after calling the surgery, you may face a long delay or have to take an appointment at an inconvenient time.

Through Inclusive Healthcare you can now speak with a GP at a time that suits you. The private GP telephone consultation service enables you to talk privately and in confidence to a qualified practising GP without the worry and inconvenience of time constraints. Every call remains confidential – no personal details or any advice given will be passed on to any organisation or individual without your prior consent.

The GP telephone consultation service is available 24 hours a day, every single day of the year.

Treatment Sourcing Service |

a tailor-made service for you

This is a unique specialist service dedicated to assisting individuals through the maze of healthcare provision. This is done by identifying choices and offering information in an unbiased and concise way allowing you to make an informed decision on the location and timing of treatment to suit your personal needs.

The main features include:

- ✓ Negotiation of fully inclusive fixed cost surgery packages
- ✓ Access to over 20,000 consultants and 400 private hospitals in the UK
- ✓ Discounted rates for Inpatient treatment and Outpatient diagnostics (MRI/CT/X-Rays)
- ✓ Price comparison service for all types of treatment
- ✓ Fast appointment arrangement
- ✓ Unbiased information
- ✓ Overseas treatment option

This service is designed to ensure maximum value for money by allowing your funds to stretch as far as possible. You tell us what important - price, location, timescale, a particular specialist or treatment and then we identify the options available that most closely match your needs.

When you decide to go ahead using our specially negotiated rates, we make all the necessary arrangements for your treatment ranging from consultation and hospital admission through to settling accounts.

We provide independent and unbiased support through the whole process ensuring no hidden costs or nasty surprises and with no embarrassing price haggling at a time when you are least able to cope.

Care Advisory Service | care when you need it most

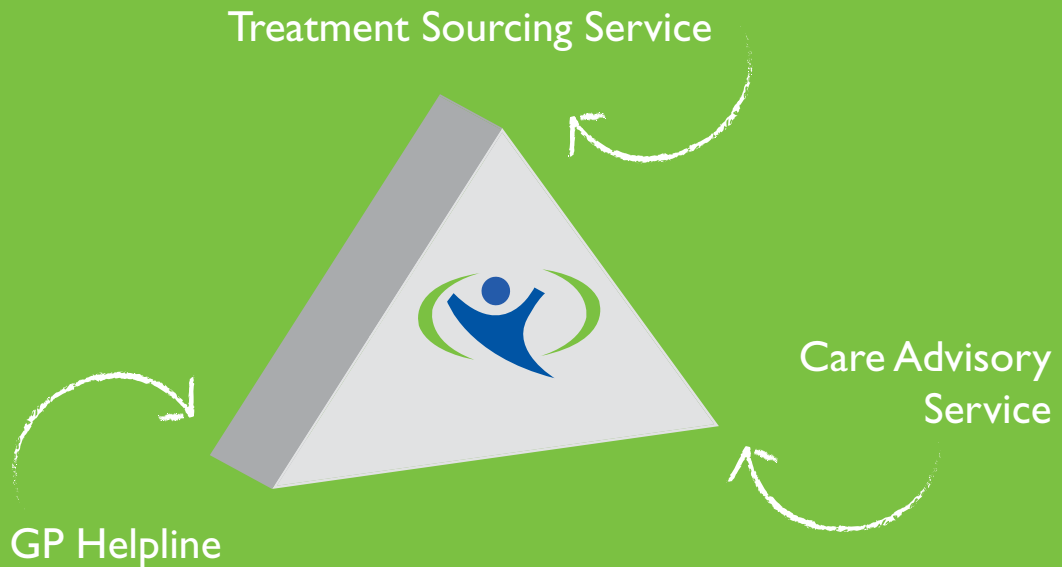

Minor ailments are common and we take them in our stride, but sometimes we are faced with a serious illness and coming to terms with it can be a struggle. As a member of Inclusive Healthcare you will have free access to a special care advisory service.

If you, or a member of your close family suffers a serious illness, you can speak to a highly experienced personal nurse adviser and obtain detailed information and guidance. This will include fact-sheets, specialised leaflets and details of relevant charities and support groups. Your adviser can also arrange a specialist nurse home visit, therapy or counselling depending on your needs.

The service is especially relevant if you or a close relative are diagnosed as suffering from any of the following conditions

- ✓ Cancer
- ✓ Stroke
- ✓ Heart Attack
- ✓ Multiple Sclerosis
- ✓ Coronary Artery Bypass Graft
- ✓ Cognitive Disorders such as Parkinson's Disease or Alzheimer's Disease.

You can also access the service for information and advice about family health concerns or disabilities.

Q. Is Inclusive Healthcare the option for me?

A. Yes, if you are:

- Not in a medical insurance scheme or have a high excess
- Waiting for NHS treatment and wishing to speed up diagnosis or treatment
- With concerns over contacting a GP when needed
- Wanting advice and guidance on a range of healthcare issues
- Looking for support and help at times of crisis
- Under age 70 when you join

Q. What are the benefits of Inclusive Healthcare?

A. There are many:

- No medical questions to join
- Professional and caring support and guidance
- Discounted rates for medical diagnostics and operative procedures
- Price comparison service for all treatment types
- Fast appointment arrangement
- Impartial and unbiased information and advice
